

Dear Parents,

## Putting the Fizz into Chemistry – Years 5 and 6

We are writing to tell you about an exciting Chemistry Day planned for our pupils in Year 5 and 6.

Once again we are working with the Chemistry Department at Nottingham University to provide the children with an exciting morning of Science. This will take place on 15 March 2010 and will link in with the whole school Science Week that is taking place that week.

We are sure that the children will come home excited about their work during the day.

In order to take part in the experiment, and to keep their clothes protected, your child will need to **wear an old apron / old shirt** or something similar. Please could they ensure that they bring this in on the day.

Thank you for your support.

Yours sincerely

Miss L Tilbury

Miss C Baggley

Mrs L Shipley
