

11th March 2010

Dear Parents

School Milk - Summer Term 2010 - Key Stage 2

We are now in the process of putting together orders for milk for the Summer term 2010 for our Key Stage 2 pupils.

The semi-skimmed milk is kept in a fridge and served by Year 6 pupils at our 10.30am break, daily.

As part of our work on the Healthy Schools Standard we are aware that no other drink delivers such a nutritional package. It is natural with no additives and is also safer for teeth. Dentists and dieticians agree the best drinks for children are milk and water – especially between meals.

If you would like your child to receive school milk at the cost of **£9.90 for the Summer term** (75p per week, 15p per carton), please complete the form below and return it to school by **no later than Friday 19th March 2010**. **Unfortunately, after this date we will be unable to change the order with the dairy.**

Thank you.

Yours sincerely

Mr Graeme Robins
Headteacher
